Explanations	

At the Board of Directors Meeting held on 18.03.2024, our Company's Board of Directors resolved to invest in renewable energy resources, namely Solar Power Plants, Wind Power Plants and Hydroelectric Power Plants, with the aim of meeting the energy needs of both our Company and the market, as well as minimizing our Company's energy costs. Details regarding the projects to be invested in and the related financing arrangements will be disclosed to the public in due course as the process advances.

This is respectfully announced to the public.

We hereby declare that the above statements are in compliance with the principles set forth in the Capital Markets Board's Communiqué on Material Events currently in force, that they fully reflect the information received by us regarding this matter/these matters, that such information is consistent with our books, records and documents, that we have made all necessary efforts to obtain complete and accurate information regarding the matter, and that we are responsible for these disclosures.
